

Professional lithium Drone battery charger UP600AC DUO

Our Product Introduction

for more products please visit us on uav-vtoldrone.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: GS
- Model Number: UP600AC DUO
- Price: Negotiable

Product Specification

- Input Voltage: 110V Or 220V
- Charging Power: 1200W(600Wx2)
- Discharge Power: 80W(40Wx2)
- Battery Type: LiPo/LiHV
- Charging Current Range: 5A/10A/15A/20A/25A
- Equilibrium Current: 1.5A/ Section
- Number Of Lithium Batteries: Verses 2-6
- Charging Mode: Balance Charge Mode/storage Mode
- Dimension: 268x140x127 Mm
- Weight: 3.1KG
- Highlight: 240W AC DC Dual Balance Charger, 20A AC DC Dual Balance Charger, ac dc balance charger Two Channels

Product Description

Professional lithium Drone battery charger UP600AC DUO

Starting from the user's simple operation and practicality, the UP600AC DUO simply selects and switches the charging mode and current (5A/10A/15A/20A/25A) gear, and gently presses the "start/stop" button to start charging

The shell is beautifully formed by aluminum alloy, and the surface is oxidized. The body size is moderate, easy to carry and use. The UP600ACDUO charger system has been optimized for many times, and the software and hardware are highly coordinated, making the charger work more efficiently and more stable

Charging mode: Through the software system to charge the lithium battery intelligently, and balance the voltage of each battery with high precision, so that each battery is fully charged, but charged, not insufficient storage (maintenance) mode: is a scientific maintenance and care of the battery working mode, so that your battery voltage is safely stored, greatly protecting the battery performance

The charger has passed the EU CE certification, the United States FCC certification, in line with ROHS standards, product quality is safe and reliable, so that users can rest assured and use safely. Short-circuit protection, reverse protection, over-temperature maintenance, multiple protection functions, so that you use safer. Active PFC protection system, no interference, can be adapted to outdoor work.

Our Services
