The 18x6.1 Inch FLUXER PRO MATT is a high-performance propeller designed for use in remote-controlled aircraft, drones, and other applications requiring reliable and efficient propulsion. It features a matte finish and a straight paddle design to enhance thrust and stability.

The propeller design offers high thrust efficiency, leading to improved performance and longer operational times.

Made from robust materials to endure high-stress conditions and extended use.

Can be used in specific marine applications where a paddle propeller is advantageous.
