

DC Multi Function Intelligent Quad Balance Charger Battery Charger

Our Product Introduction

for more products please visit us on uav-vtolrdone.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: GS
- Model Number: CQ3
- Price: Negotiable
- Delivery Time: 6-8
- Payment Terms: T/T
- Supply Ability: 100

Product Specification

- Charge: 100*4W/10*4A
- Discharge: 10*4W/5*4A
- LiPo/Lilon/LiFe/LiHV: 1-6S
- NiMH/NiCd: 1-15cells
- Pb: 2-24V
- AC Input: 110-220V
- DC Input: 11-18V
- Weight: 1750g
- Highlight: Intelligent Quad Balance Charger Battery Charger
, DC Multi Function Battery Charger,

Product Description

DC Multi Function Intelligent Quad BalanceCharger battery charger

With dual input ports and temperature sensor, providemore convenience and safety.Universal AC110V or 220V input for worldwide use.DC11-18V for outdoor use.

Multifunctional charging: The ability to charge various types of batteries, including lithium polymer, lithium ion, lithium iron, nickel-metal Hydride, nickel-cadmium and lead-acid batteries. This versatility makes it suitable for different applications and devices.

Quadruple charging capability: The charger can handle multiple batteries at the same time, usually allowing four separate battery packs to be charged simultaneously. This is especially useful for users with multiple drones or remote-controlled vehicles, reducing downtime between flights or races.

Intelligent balanced charging: It has a lithium battery balanced charging function to ensure that every battery in the battery pack is charged to the same voltage. This helps extend battery life and guarantees safety by preventing overcharging or damaging individual batteries.

Our Services

1. We provide 1 Year Warranty. Buy with confidence.
2. If you are not satisfied when you receive your item, please return it within 14 days for a replacement or money back. Please contact me before you return it.
3. If item is defective in 3 months, We will send you a replacement without extra charger, or offer refund after we receive the defective item.
4. If item is defective after 3 months, you can still send it back to us. We will send you a new one after receiving the defective item. But you have to pay the extra shipping fee.

FAQ

Q1: Do you support OEM/ODM?

A1: Yes. We can print your logo on the product.

Q2: About samples.

A2: Under normal circumstances, samples will be ready within 7 days, and 10-20 days for OEM/ODM orders. Sample fee and shipping will be charged.

Q3: What is the delivery time?

A3: For regular orders, we can ship within 15 days, for OEM/ODM, we can ship within 25-45 days (depending on the quantity). In the event of delays, we will notify you in advance of the status and resolution.

Q4: What is the minimum order quantity?

A4: There is no MOQ for wholesale (1 piece accepted), including OEM/ODM.

Q5: What are your payment terms?

A5: L/C.TT100%.

Q6: Can you reduce the shipping cost?

A6: When calculating the shipping cost for you, we always choose the cheapest and safest express. Although we have partnerships with shipping companies, we can't keep costs down because it's not us who get paid. If you think it's expensive for you. You can always make your own choice.

Q7: Return policy.

A7: If you want to replace the received item, you must contact us within 7 days after receiving the item. Returned items should be in their original condition and you should pay for additional shipping.
