

EV Agri Spray Drones Can Hold 22L Crop Dusting Drones

Our Product Introduction

for more products please visit us on uav-vtoldrone.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: GS
- Model Number: EV422
- Price: Negotiable
- Delivery Time: 6-8
- Payment Terms: T/T
- Supply Ability: 100

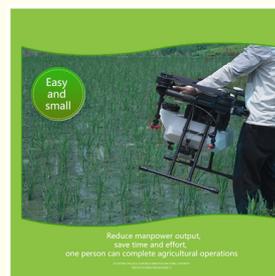

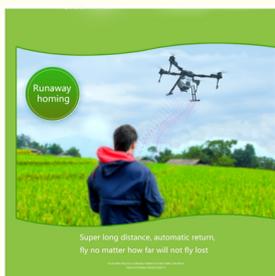

Product Specification

- Developed Size: 1100*1100*600mm
- Folding Size: 650*650*600mm
- Weight: 13.5 KG
- Flight Speed: 3-8M/s M /s
- Maximum Takeoff Weight: 43KG
- Maximum Pump Pressure: 0.8 MPa
- Flight Time: 20-25Min/ Full Load :7-10Min
- Battery: 14S 20000mah
- Charge Cycle: 300-500/ Time
- Materials: Carbon Fiber/Nylon Fiber/aluminum Alloy
- Diagonal Wheelbase: 1400mm
- Operating Voltage: 58.8 V (14 S)
- Load: 22L
- Spray Width: 3-5M/s M /s
- Spray System: Pressure Spraying

EV agri spray drones Can hold 22L crop dusting drones

Payload capacity (22L) :

These drones have a payload capacity of up to 22 liters and can cover large areas in a single flight. They have tanks that store liquid pesticides, herbicides, fertilizers and even micronutrients and dispense them through high-efficiency spray systems.

Electric Power (EV) :

These drones are electrically powered and use rechargeable batteries, making them more environmentally friendly than gas-powered drones.

High-capacity lithium-ion or lithium-polymer batteries are typically used, providing enough power to carry heavy loads and sustain long flights, but are typically limited to 15-30 minutes per charge, depending on conditions.

Spraying system:

Precision nozzles: These drones use purposed-door nozzles to evenly spray crops, minimizing chemical waste and ensuring even coverage.

Variable flow: The spraying rate can be adjusted according to crop type, vegetation density and farm needs to ensure efficient application.

Anti-drift technology: Many advanced models are equipped with systems that reduce spray drift, ensuring that chemicals are applied only to the target area.

Durability and weather resistance:

These drones can withstand harsh agricultural conditions, including exposure to dust, high humidity and chemicals. Most models are waterproof and can handle light rain, but inclement weather may limit use.

Our Services

1. We provide 1 Year Warranty. Buy with confidence.
2. If you are not satisfied when you receive your item, please return it within 14 days for a replacement or money back. Please contact me before you return it.
3. If item is defective in 3 months, We will send you a replacement without extra charger, or offer refund after we receive the defective item.
4. If item is defective after 3 months, you can still send it back to us. We will send you a new one after receiving the defective item. But you have to pay the extra shipping fee.

FAQ

Q1: Do you support OEM/ODM?

A1: Yes. We can print your logo on the product.

Q2: About samples.

A2: Under normal circumstances, samples will be ready within 7 days, and 10-20 days for OEM/ODM orders. Sample fee and shipping will be charged.

Q3: What is the delivery time?

A3: For regular orders, we can ship within 15 days, for OEM/ODM, we can ship within 25-45 days (depending on the quantity). In the event of delays, we will notify you in advance of the status and resolution.

Q4: What is the minimum order quantity?

A4: There is no MOQ for wholesale (1 piece accepted), including OEM/ODM.

Q5: What are your payment terms?

A5: L/C.TT100%.

Q6: Can you reduce the shipping cost?

A6: When calculating the shipping cost for you, we always choose the cheapest and safest express. Although we have partnerships with shipping companies, we can't keep costs down because it's not us who get paid. If you think it's expensive for you. You can always make your own choice.

Q7: Return policy.

A7: If you want to replace the received item, you must contact us within 7 days after receiving the item. Returned items should be in their original condition and you should pay for additional shipping.
