

## Drone Camera High performance four-sensor gimbal 30X optical zoom Fixed-focus 1080P

### Our Product Introduction

for more products please visit us on [uav-vtoldrone.com](http://uav-vtoldrone.com)

#### Basic Information

- Place of Origin: Made in China
- Brand Name: GS
- Model Number: DIT30D
- Minimum Order Quantity: 1
- Price: Negotiable
- Delivery Time: 6-8
- Payment Terms: T/T
- Supply Ability: 100

#### Product Specification

- Voltage: DC12 26.2V
- Power Consumption: Dynamic10W
- Roll Angle Range: 45° 45°
- Pitch Angle Range: -30° +120°
- Yaw Angle Action Range: -280° 280°
- Support Mode: 1080P 30fps
- Measuring Range: 20m 3000m
- Resolution: 640x512 Pixel
- Minimum Tracking Target Size: 16x16 Pixels
- Weight: 1120±20g

## Product Description

### Drone Camera High performance four-sensor gimbal 30X optical zoom Fixed-focus 1080P

#### Description

DIT30D is a professional three-axis gimbal that integrates 210x mixed optical zoom, fixed-focus 1080P, 640×512 thermal imaging camera with 19mm focal length and 3000m laser ranging finder. It adopts a compact design and features high stability, high integration, and low power consumption. The thermal imaging uses a vanadium oxide 640×512 resolution detector with a built-in baffle and 3000m high precision laser range finder. Providing ground station software, and supporting picture-in-picture display of dual-channel video, Network, S.BUS and UART can directly control the gimbal & camera. Supports local TF storage and network file reading and writing operations, supports dual-channel simultaneous recording, supports multiple picture-in-picture modes and pseudo-color switching.

#### Functional Characteristics

210X mixed optical zoom	AI Target Detection and Tracking
1080P fixed-focus EO	Network/UART/S.BUS control
3000m laser range finder	3-axis stabilize PTA, 1120±20g
640 IR thermal imaging with 35mm focal length	Single FT-card, two-ways recording

#### Structure

#### argument

210x mixed (hybrid) zoom
1080P fixed-focus
640 IR thermal imaging:35mm
3000m laser range finder
AI Target Detection and Tracking
Network/UART/S.BUS control
TF card, two-ways recording, Network operation
3-Axis stabilized gimbal with built-in shock absorption

## Our Services

1. We provide 1 Year Warranty. Buy with confidence.
2. If you are not satisfied when you receive your item, please return it within 14 days for a replacement or money back. Please contact me before you return it.
3. If item is defective in 3 months, We will send you a replacement without extra charger, or offer refund after we receive the defective item.
4. If item is defective after 3 months, you can still send it back to us. We will send you a new one after receiving the defective item. But you have to pay the extra shipping fee.

## FAQ

Q1: Do you support OEM/ODM?

A1: Yes. We can print your logo on the product.

Q2: About samples.

A2: Under normal circumstances, samples will be ready within 7 days, and 10-20 days for OEM/ODM orders. Sample fee and shipping will be charged.

Q3: What is the delivery time?

A3: For regular orders, we can ship within 15 days, for OEM/ODM, we can ship within 25-45 days (depending on the quantity). In the event of delays, we will notify you in advance of the status and resolution.

Q4: What is the minimum order quantity?

A4: There is no MOQ for wholesale (1 piece accepted), including OEM/ODM.

Q5: What are your payment terms?

A5: L/C.TT100%.

Q6: Can you reduce the shipping cost?

A6: When calculating the shipping cost for you, we always choose the cheapest and safest express. Although we have partnerships with shipping companies, we can't keep costs down because it's not us who get paid. If you think it's expensive for you. You can always make your own choice.

Q7: Return policy.

A7: If you want to replace the received item, you must contact us within 7 days after receiving the item. Returned items should be in their original condition and you should pay for additional shipping.
